

EAGLESOFT

Office Checkup

Our records indicate that it is time for your periodic office checkup. Please contact your Patterson Dental representative to schedule a one-hour complimentary Eaglesoft review (a \$300 value).

How does it work?

- Technology Advisor will review key areas of Eaglesoft to ensure that you are getting the most out of your software.
- Information for the review can be gathered during normal business hours. The only requirement is that a computer be available for the evaluation.

What will you receive?

After the review of a Technology Advisor, they will provide a written status report. The report will include observations and recommendations based upon their findings.

What areas will be reviewed?

- Insurance Claim Management
- Accounts Receivable
- Recall
- Outstanding Treatment Plans
- Patient Analysis
- Daily, Monthly, Yearly Processes
- System Backup Process
